

Contract Register

Class 1 Contracts

Class 1 contracts are those that have, or are likely to have, a value of \$150,000 or more.

Last Updated: 11 October 2024

Contract Title: Oura Pump Station and Dosing Design and Construct

Reference: RFT01/2024

Project Description: The design and construction of new infrastructure at the Oura Water Treatment Plant, located at Wheel of Fortune Road, Eunanoreenya NSW 2650. This includes a new pump station building, new chlorine and fluoride dosing building, pipework connecting new pumps and dosing equipment to supply, and all building services including general power, stormwater and water.

Name of Contractor: Van Mal Group Construction Pty Ltd

Address of Contractor: PO Box 925, Surry Hills NSW 2010

Contractor ABN: 19 128 617 774

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 20 August 2024

Estimated duration of Contract: 14 months

Estimated amount payable to the contractor: \$5,690,400.00 exc. GST

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Request for Tender

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: PROJ87 – SC1240 to SC1248

Contract Title: Supply and Installation of Oura WTP Fluoride Dosing Equipment

Reference: RFQ02/2024

Project Description: Works include the detailed design, supply and installation of upgraded fluoride dosing equipment at Oura Water Treatment Plant. The works will coincide with the construction of a new dosing building at the site (separate contract), forming part of the greater Oura Water Treatment Plant site upgrade.

Name of Contractor: ProMinent Fluid Controls Pty Ltd

Address of Contractor: Unit 4, 4 Narabang Way, Belrose NSW 2085

Contractor ABN: 83 080 688 795

Related companies that may be involved in performing contractual obligations:

N/A

Contract award date: 24 April 2024

Estimated duration of Contract: 12 months

Estimated amount payable to the contractor: \$193,705.00 exc. GST

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Request for Quotation

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: PROJ87 – SC1240 to SC1248

Contract Title: Supply and Installation of Oura WTP Chlorine Dosing Equipment

Reference: RFQ01/2024

Project Description: Works include the detailed design, supply and installation of upgraded chlorine dosing equipment at Oura Water Treatment Plant. The works will coincide with the construction of a new dosing building at the site (separate contract), forming part of the greater Oura Water Treatment Plant site upgrade.

Name of Contractor: Trility Solutions Australia Pty Ltd

Address of Contractor: 270 Wolseley Place, Thomastown VIC 3074

Contractor ABN: 91 101 568 914

Related companies that may be involved in performing contractual obligations:

N/A

Contract award date: 24 April 2024

Estimated duration of Contract: 12 months

Estimated amount payable to the contractor: \$182,220.59 exc. GST

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Request for Quotation

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: PROJ87 – SC1240 to SC1248

Contract Title: Jugiong WTP Electrical Installation HV & LV

Reference: RFT04/2023

Project Description: This project requires the Contractor to undertake electrical installation works at the Jugiong Water Treatment Plant, located on the Murrumbidgee River, approximately 500m southwest of the Jugiong township. Water is extracted from the Murrumbidgee River, treated, and then pumped to Jugiong township and Jugiong 2 Pump Station and then onto Cowangs reservoirs. The power transformers, protection and control systems, and the associated power cables are 40 years old, placing them at the end of their useful lives.

GWCC is replacing the existing high voltage assets at Jugiong Water Treatment Plant and Pump Station that have reached end of life. This Tender is for the electrical installation works to facilitate this replacement.

Name of Contractor: JRC Electrical Services Pty Ltd

Address of Contractor: 238 Hammond Ave, East Wagga Wagga NSW 2650

Contractor ABN: 11 600 156 349

Related companies that may be involved in performing contractual obligations:

N/A

Contract award date: 7 February 2024

Estimated duration of Contract: 8 months

Estimated amount payable to the contractor: \$2,259,110.98 (excl GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Open Tender

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: SC1213

Contract Title: Oura Bore 3 Relining

Reference: RFQ07/2023

Project Description: This project requires the Contractor to swage reline Oura bore 3 with stainless steel welded pipe. This is to prolong the asset's useful life and to bring the bore into the same class as Goldenfields' remaining bores in the Oura borefield.

Name of Contractor: ACS Equip Pty Ltd

Address of Contractor: 34 Allgayer Drive, Gunnedah NSW 2380

Contractor ABN: 67 161 876 142

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 14 December 2023

Estimated duration of Contract: Works to commence April 2024, estimated completion within 11 days.

Estimated amount payable to the contractor: \$171,244.54 (exc. GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Request for Quotation

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: PROJ9 – SC238 to SC245

Contract Title: Oura Reservoirs and Aerator Design and Construction

Reference: RFT02/2023

Project Description: This project requires the Contractor to undertake the detailed design and construction of new water infrastructure at the Oura Water Treatment Plant. This includes, but is not limited to, the finalisation of the preliminary designs for the construction of the proposed multi tray aeration unit and structural tower, reticulation pipeline, two reservoirs (4ML each), associated civil and electrical infrastructure along with instrumentation for the operation and monitoring of the system.

Name of Contractor: Quay Civil Pty Ltd

Address of Contractor: Suite 5.12, 32 Delhi Road, North Ryde NSW 2113

Contractor ABN: 42 167 246 399

Related companies that may be involved in performing contractual obligations:

RIC Electrics Pty Ltd

GSJ Fabrications

Demand Plumbing

Contract award date: 16 June 2023

Estimated duration of Contract: Twelve months

Estimated amount payable to the contractor: \$10,536,418.92 (excl GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Open Tender

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: SC952

Contract Title: SCADA & Control Systems Integration Support

Reference: RFT06/2022

Project Description: This project requires the Contractor to provide automation services including, but not limited to design, procurement, programming and fault-finding of automation assets across the Goldenfields Water area of supply.

Name of Contractor: SAFEgroup Automation Pty Ltd

Address of Contractor: PO Box 118, New Lambton NSW 2305

Contractor ABN: 54 606 656 884

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 9 February 2023

Estimated duration of Contract: Two years, with an option to negotiate 2 x 2yr extensions.

Estimated amount payable to the contractor: panel contract conditions.

Renegotiation provisions: The contract contains 2 x 2-year extension options.

Method of tendering and criteria for assessment (if relevant): Open Tender

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: SC1227

Contract Title: Consulting services for the Kingsvale to Young pipeline replacement design

Reference: RFQ09/2022

Project Description: The objective of this request is to engage an experienced Consultant to carry out the investigation and detailed design of the trunk main upgrade between Kingsvale and Young (NSW) communities as well as preparing the associated procurement documentation for the construction phase.

Name of Contractor: DGP Water Pty Ltd

Address of Contractor: PO Box 2398 | Greenhills | NSW 2323 | Australia

Contractor ABN: 73 608 068 346

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 9 January 2023

Estimated duration of Contract: 1 year

Estimated amount payable to the contractor: \$279,180.00 (exc GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Request for Quotation via Vendorpanel - Quotations assessed on the following assessment criteria:
Value for money, demonstrated experience and past performance on similar project, Key personnel experience, skills and qualifications including proposed subcontractors, Demonstrated Management Systems aligned with ISO Systems and Proposed methodology and program.

Provisions for payment to the Contractor for operational or maintenance services: NA

Internal file reference: PROJ85

Contract Title: Jugiong CWPS1 Emergency Pump Renewal

Reference: N/A

Project Description: This project requires the Contractor to Overhaul and Repair Jugiong CWPS1 Pump and Manufacture 4 New Impellers (for 2 pumps).

Name of Contractor: Fitt Resources Pty Ltd

Address of Contractor: 27 Awaba St, Lisarow NSW 2250

Contractor ABN: 12 074 895 319

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 20 October 2022

Estimated duration of Contract: 3 months

Estimated amount payable to the contractor: \$154,065.05 (exc. GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Quotation

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference:

Contract Title: Oura WTP HV Room – Air Conditioning Upgrade

Reference: N/A

Project Description: This contract is for the design and construction of mechanical services at the Oura Water Treatment High Voltage room for the upgrade of air conditioning to replace the undersized existing air conditioning.

Name of Contractor: Rowair Pty Ltd

Address of Contractor: 290 O'Sheas Road, Euberta NSW 2650

Contractor ABN: 13 829 149 795

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 2 September 2022

Estimated duration of Contract: 4 months

Estimated amount payable to the contractor: \$167,265.00 (exc. GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Quotation

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: PROJ48 – SC718 to SC725

Contract Title: Supply of Vehicles

Reference: Tender 04/2022

Project Description: This contract is for the supply and delivery of six (6) motor vehicles as outlined in the Tender Specifications.

Name of Contractor: Palmer Ford

Address of Contractor: 56 Cooper Street, Cootamundra NSW 2590

Contractor ABN: 25 502 283 933

Related companies that may be involved in performing contractual obligations: N/A

Contract award date: 1 September 2022

Estimated duration of Contract: Completed on delivery of vehicles

Estimated amount payable to the contractor: \$335,767.62 (exc. GST)

Renegotiation provisions: N/A

Method of tendering and criteria for assessment (if relevant): Open Tender

Provisions for payment to the Contractor for operational or maintenance services: N/A

Internal file reference: SC1196

Contract Title: West Wyalong Water System Augmentation-Supply and Reticulation Construction

Reference: Tender 02/2022

Project Description: This project requires the Contractor to construct and commission 7.1km of DN300 PVCO supply mains and 5.1km of DN300 PVCO, DN200 PVCO, DN150 PVCO reticulation mains, located in the towns of Wyalong and West Wyalong NSW.

Name of Contractor: Killard Infrastructure Pty Ltd
